

$$C = 12.7 (m/m) \times (P - 1)$$

PC Board Layout

The diagram illustrates the layout of a printed circuit board (PCB) with the following dimensions and features:

- Overall Dimensions:**
 - C:** Total width of the board.
 - B:** Total height of the board.
- Left Side Features:**
 - A vertical dimension of **1.905** is shown for the top section.
 - A vertical dimension of **2.54** is shown for the bottom section.
 - A circular feature with a diameter of **Ø3.20** is located at the bottom left.
- Internal Features and Spacing:**
 - A horizontal spacing of **6.35** is indicated between two groups of circular features.
 - A horizontal spacing of **1.27** is indicated between two individual circular features.
 - A break symbol (two parallel wavy lines) is used to indicate that the board continues beyond the shown dimensions.
- Right Side Features:**
 - A circular feature with a diameter of **Ø0.90** is located at the top right.
 - A vertical dimension of **6.35** is shown for the bottom section.
 - A circular feature with a diameter of **Ø3.20** is located at the bottom right.

DESCRIPTION: 6 POSITION SIDE ENTRY VERY LOW PROFILE, GANGED JACK FROM 2 PORTS UP.
